E-Poster Submission Guidelines

File Format: Submit your e-poster as a single document in PowerPoint slide format through mail by 6th July 2024

Software: Prepare the slide using Microsoft PowerPoint 2007 or newer versions.

Slide Dimensions: Use a 16:9 slide size with landscape orientation.

File Size: Ensure the file size is less than 5MB; larger files will be automatically rejected.

Font Preferences: Preferred fonts are Arial, Times New Roman, Calibri, and Verdana. Avoid using fonts smaller than size 14.

Text and Images: Ensure text is not obscured by images. Use high-quality images and tables with at least 200 dpi resolution. Insert images/photos/tables using copy-paste—do not embed documents.

Media Restrictions: Do not embed audio, animations, or video in the slide, as they are not permitted.

Design and Layout: Avoid overlapping objects and layers; only the final status will be visible. Do not use hyperlinks as there will be no internet access during the presentation.

Content: Ensure content is clear, concise, and not overcrowded. Use clear headings and leave spaces between sections. Label and describe pictures/graphics clearly, using correct grammar.

Visual Contrast: Use adequate contrast for better visualization. Simpler posters are more attractive and easier to read.

Compatibility: If creating the slide on Mac OS X, convert and send it in a compatible format.

Presentation Display: A 55-inch or more digital screen will be used for the presentation at the venue.

File Naming: Avoid using symbols and special characters in the file name when saving the document. save the document by your complete name

Kindly mail the posters to biochemcon@bgsaims.edu.in
